SPIRIT OF NATURE
IN BEAUTIFUL COMBINATION WITH ART & ENGINEERING ...
BROUGHT TO BE...

LIVING AT YOUR **OUTDOORS**

Living outdoors is a group of Synergists engineers, designers and planners who provides design, construction, refurbishment, repair and maintenance of pools, spas and water features in UAE since 2017.

We also provide design, construction and maintenance of landscapes including soft-scape, hard-scape such as paving / decking, planting works, irrigation system, and landscape designs for residential and commercial use.

If you are looking for the best quality workmanship, creative output and competitive offers, then Living outdoors is your **one stop solution.**

The best in the UAE for all your pool, spa, waterfall features and landscape requirements

SWIMMING POOLS, SPAS AND WATER FEATURES

01 Design and Construction

The accredited team of Living Outdoors offers general consultations, professional designs, site visits, in addition to Swimming pools, Spa and water feature installation.

We work with consultants, contractors, developers and home owners to walk them through every aspect of a pool project.

Our design team will talk to you about what you want, your style, what makes you happy and how you plan to use the pool. They will create and show you a design and making changes if required.

Once the design is approved, we can start moving forward with the installation.

Our team of experienced engineers and artists will create a stunning water feature for your home or business that's truly one of a kind.

We offer a wide range of water features to suit every taste, from simple fountains, waterfalls, to elaborate ponds, for any residential or commercial project all over UAE.

You can also choose from a variety of materials to create a truly unique piece of art that suits your home or business.

SWIMMING POOLS, SPAS AND WATER FEATURES

02 Renovations and Refurbishment

Some of the pool refurbishment ideas are:

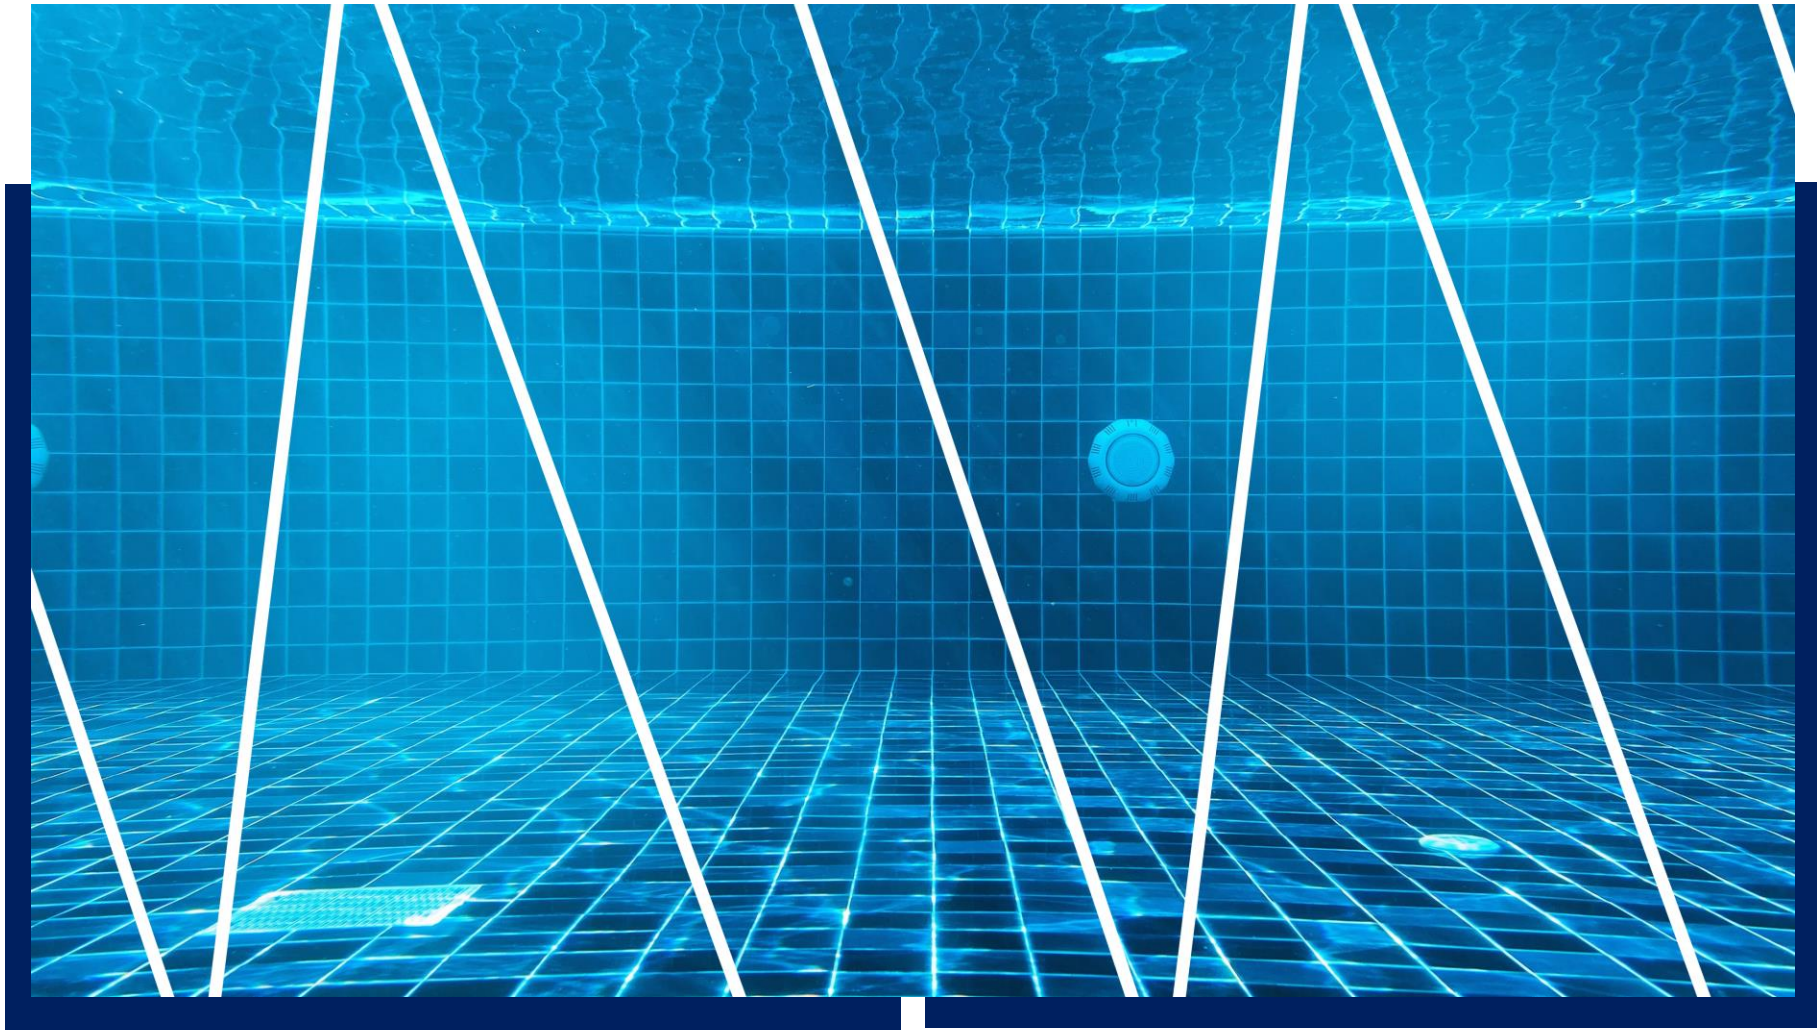

- ☐ Install Water Treatment System
- ☐ Install Swimming Pool Lighting
- ☐ Install a Swimming Pool Heating
- ☐ Install a Swimming Pool Filtration System
- ☐ New Plaster Finish - Equipment Upgrades
- ☐ Coping and Tiles - Acid Washing and much more...

Renovate your swimming pool by installing a waterfall or a splash pad for kids to enjoy.

Install a new diving board or a ladder for easy access to the pool.

You can also renovate your pool by installing a new water treatment system.

The first step is scheduling a consultation,
call us now!

SWIMMING POOLS, SPAS AND WATER FEATURES

03 Maintenance

LIVING OUTDOORS provides a full list of services to keep your pool functional and clean.

With our trained team, we are capable to attend to the full spectrum of needs.

- ☐ Test Water Balance and maintain pH levels
- ☐ Vacuum Pool, Spa and/ or water feature
- ☐ Clean out Skimmer Basket and inspect Equipment for problems
- ☐ Check and Correct Water Chemistry
- ☐ Polish Handrails and Ladders
- ☐ Carry out regular backwash
- ☐ Check the functionality of the lights
- ☐ Any cracks or filter damages in the pool, spa or water feature
- ☐ Fixing equipment, leaks, chipped tiles, ladders, skimmers, channels, drains, plumbing and more

Amazing & healthy swimming pool & spas

HARD & SOFT LANDSCAPE

04 Design and Construction

To get a superb garden, we will help you with the design and consultation.

From small patios to large outdoor living spaces, these outdoor designs offer something for every homeowner.

Outdoor living spaces can include everything from a simple deck to an outdoor kitchen or an outdoor living room or even outdoor oasis.

With the right design, you can create a relaxing retreat that is far away from the hustle and bustle of everyday life.

We offer a wide range of products and materials, from natural stone to artificial materials like pavers, bricks, cement and synthetic materials.

We are specialized in the construction of hard / soft landscape such as paving / decking, planting works, irrigation system, landscape lighting, pergolas, barbecues, gazebos and much more.

World-class landscaping design & construction

The scope depends on each client's taste and requirements but we believe that **nature provides the best landscaping**

HARD & SOFT LANDSCAPE

05 Maintenance

Before

After

We can maintain and care for all of your plants and trees.

To keep your garden alive, we provide you with biweekly maintenance service after completing the project.

Our maintenance services include checking of the Irrigation system and mowing, edging, trimming, blowing, pruning of trees, shrubs and hedges.

Our maintenance services keep your gardens thriving and healthy. During the growing season, we can also take care of any pest or disease problems that may occur.

Our experts will also seed, fertilize, and apply pesticides to maintain your lawn's health.

With our top-notch lawn and landscape maintenance services, your property will look its best all year long.

Lawn care, planting, irrigation & much more
